- Coleman's Classics

- "Yellow"
- "Reds"
- "Whites"
5.1.4 When unintended contact with substances prohibited by par. 1.4.1 is possible, distinct buffer zones or other features sufficient to reasonably prevent contamination are required:

- Buffer zones shall be at least 8 m wide
- Permanent hedgerows or plant windbreaks, artificial windbreaks, permanent roads or other adequate physical barriers may be used instead of buffer zones.

5.1.5 Crops grown in buffer zones shall be considered non-organically grown products whether they are used on the farm or not.
Time to Plant a Hedgerow
Plan Weed Control Early
Using Clover as Living Mulch
